

Breaking News: 41 Percentage Point Gain on AYP Math Test.

Data from Department of Education Georgia Report Card

- From 2003 through 2008, Early County Middle School doubled the percentage of students who met or exceeded the standard on the math CRCT from 41% to 82%, a truly **remarkable increase of 41 percentage points**.
- During the same period, the percentage of all students in grades 6-8 in the state increased by less than 2 percentage points.
- In 2003, the school scored more than 27 percentage points below the state average. Now, **students surpass the statewide average by 6 percentage points**.
- Among the gains in the school was an increase of 52 percentage points for **minority students** and an increase of 47 percentage points for the number of **students with disabilities** meeting or exceeding the state standard.

“Frankly, we’re not aware of any other way to get the kind of achievement gains that iLearn shows us.”

– Dr. Lee Howard, Marietta City Schools (retired)

Accelerate your improvement with **GAINS** from iLearn. It's guaranteed.*
